## CATALOGUE

- \* Each recording features one separate voice-part (eg 2<sup>nd</sup> Alto, 1<sup>st</sup> Bass) of a particular choral work. Both CD and cassette formats are available.
- \* The voice-part is sung at normal speed, with a piano accompaniment including cues from other voice-parts to help later entries.
- \* Difficult musical passages are presented again at the end, at a slower speed, with hints on how to practise them.
- \* Some works are presented in an alternative format, with the voice-parts played and accompanied on the piano.
- \* New recordings are constantly being made and these may not appear on the current web-site catalogue.
- \* Special recordings can be made to meet individual requirements where a particular work is not in stock.
- \* All orders are dealt with promptly and are sent by first-class post.
